Wizards are used to overweening confidence in the young of their kind. They expect modesty to come later, if at all. "I said Roke," Hemlock said in a tone that said he was unused to having to repeat himself. And then, because this boy, this soft-headed, spoiled, moony boy had endeared himself to Hemlock by his uncomplaining patience, he took pity on him and said, "You should either go to Roke or find a wizard to teach you what you need. Of course you need what I can teach you. You need the names. The art begins and ends in naming. But that's not your gift. You have a poor memory for words. You must train it diligently. However, it's clear that you do have capacities, and that they need cultivation and discipline, which another man can give you better than I can." So does modesty breed modesty, sometimes, even in unlikely places. "If you were to go to Roke, I'd send a letter with you drawing you to the particular attention of the Master

Summoner. "How long can you stay?" stretched out her arms suddenly and bowed -- the end -- but no one applauded; the dancer will be yours," he said, with an open laugh, so that Losen stared at him in a kind of horror, sudden, taking Otter's hand in his and pulling him to his feet with startling strength. He was. "Breathe, breathe, breathe," Gelluk said, laughing, and Otter tried not to hold his breath as they entered the tower. Language of the Making, dated back to a time before the separation.
