But then something caught his eye at the very bottom of the."You must prove yourself worthy," said Lea..Some of the scaffolding was still in place along the wall of the sixth stage, and the King, perceiving that it provided a more direct route to the seventh-stage apron, swarmed up it. He was more agile than either Ike or I were, and by the time we reached the apron he was halfway up the scaffolding that flanked the unfinished seventh-stage wall..By the end of July he had refined and miniaturized the device and had extended its sensitivity range into the infrared. He spent most of August, when he should have been on vacation, trying various methods of detecting sound through the device. By focusing on the interior of a speaker's larynx and using infrared, he was able to convert the visible vibrations of the vocal cords into sound of fair quality, but that did not satisfy him. He worked for a while on vibrations picked up from panes of glass in windows and on framed pictures, and he experimented briefly with the diaphragms in speaker systems, intercoms and telephones. He kept on into October without stopping and finally achieved a system that would give tinny but recognizable sound from any vibrating surface? a wall, a floor, even the speaker's own cheek or forehead."Mallory," I said out loud, "you're cracking up." "What staple?" she countered, becoming in an instant rigid with suspicion, like a hare that scents a predator..244."What about water?" "Would you try something like this?".monumentally lavish sets.
